DETAILED ACTION

The following is an examiner's statement of reasons for allowance:

This application has been reviewed by the examiner and meets all formal and substantive (i.e., statutory) requirements and the language of the claims is enabled by, and finds adequate descriptive support in the application disclosure as originally filed.

The primary reason for the allowance of the claims is the presence of limitations in the independent claim(s), which are not found in the prior art references. The examiner believes that the record of the prosecution as a whole makes clear his reasons for allowing a claim or claims. However, the examiner would like to point out one or more specific reasons and/or limitations that the prior art fails to disclose and/or make obvious. Hence, the prior art fails to disclose and/or make obvious a method of making an authentication product, comprising the steps of: providing a first product, applying a plurality of micro discrete identification particles, each of said micro discrete identification particles applied to said first product and having a size no greater than about 20 microns and having at least one predetermined image thereon, said predetermined image having a size no greater than about 10 microns.

Also, the limitations "a product having a plurality of micro discrete identification particles placed thereon, said micro-discrete identification particles having a size no greater than about 20 microns and having at least a portion of a micro image placed thereon, said micro image having a size no greater than about 10 microns" in the claims is absent from the prior art teachings.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Any inquiry concerning this communication or earlier communications from the examiner should be directed to Willmon Fridle whose telephone number is 571 272 4476. The examiner can normally be reached on Monday - Thursday.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Boyer Ashley can be reached on 571 272 4502. The fax phone number for the organization where this application or proceeding is assigned is 571 273 8300.
